

# Community Guidelines & Class Rules

**Last updated:** 27th March 2026

These rules apply to all users of 2Be.vip, including students, instructors, and affiliates when participating in classes, chats, groups, forums, or any community feature. The goal is simple: a respectful, safe learning space.

## 1) Be respectful

- No harassment, bullying, threats, hate speech, or discrimination.
- No insults, slurs, sexual comments, or humiliating other learners.
- Respect instructors and other students. Different levels learn at different speeds.

## 2) No disruption

- No spamming, flooding chat, or repeatedly interrupting sessions.
- No promoting unrelated products/services inside classes or groups.
- Follow the instructor's instructions during class (mute, camera, turn-taking, etc.).

## 3) Academic honesty

- No cheating on tests/assessments.
- No sharing answer keys, test content, or internal materials.
- Do not impersonate someone else or use another person's account.

## 4) Privacy and safety

- Do not share personal data of others (phone, address, IDs, private messages) without consent.
- Do not request passwords, OTP codes, or payment information from anyone.
- Report suspicious behavior to support.

## 5) Recording and content

- Do not record, copy, repost, or redistribute classes or platform content unless we explicitly allow it in writing.
- Do not upload copyrighted materials you do not own or have permission to use.
- Respect intellectual property of 2Be.vip, instructors, and other students.

## **6) Classroom etiquette (live classes)**

- Join on time. Late joining may be restricted by the instructor.
- Use appropriate language and behavior suitable for a learning environment.
- Keep your microphone muted when not speaking if requested.
- If you have technical issues, use chat or contact support.

## **7) Enforcement**

If these rules are violated, we may take actions such as:

- Warning and removal from a session
- Temporary suspension of chat/class access
- Account suspension or termination
- No refund in case of suspension/termination due to misconduct

## **8) Reporting**

To report a violation, contact [support@2be.vip](mailto:support@2be.vip) with any relevant details (date/time, screenshots, usernames).
